CONGRATULATIONS TO THE 2011 FARMER OF THE YEAR!

Eric and Sheryl Zakarison, Zakarison Partnership

Taya Brown with Eric and Sheryl Zakarison at Tilth Producers' annual conference.

Tilth producers of Washington honors Eric & Sheryl Zakarison for their outstanding commitment to conscientious farming in the Palouse region and for their tireless efforts to cultivate young and beginning farmers. Many WSU

agriculture students have benefitted from the support of this pair of farmers, who seem to do everything in their power to be of assistance, make themselves available for questions and offer demonstrations and transparency in their operation. Embedded in a large-scale and conventional farming region, Eric and Sheryl uphold the small farm ethos and foster the health of the environment and their local community.
